### **Section 1 - Policies**

The Boys Basketball Boosters shall oversee the general welfare of the league as it pertains to 4th -8<sup>th</sup> grade travel teams. It is our intent to ensure that player development, league participation, and future strength of the basketball program is considered with decisions made. The formation of these policies is to establish basic guidelines. It is understood that these guidelines may not be applicable to every situation, and that special situations may need to be presented by the team coach to the Board for consideration.

#### **4<sup>th</sup> Grade Basketball:**

This is the first opportunity for the boys to be introduced to competitive basketball at Mosinee following skills development at the Little Dribblers level. It is recommended that coaches focus on core skills, player development, and introduce the players to game situations. Participation in the Cheesehead League is optional, if available. The Cheesehead League is comprised of various schools in the Central Wisconsin area and offers a variety of levels of competition. It is a great way to help teams experiment with players' roles, strategy, and team dynamics. The cost of this league is minimal, and participation is highly encouraged. The season typically lasts from November 1<sup>st</sup> – March 1<sup>st</sup> with minor variations.

If a team has numbers that can justify multiple teams, coaches *may* choose to divide the teams up equally (by numbers and talent) to provide everyone game time opportunities.

If a team is short player(s) for various reasons, a coach has the ability to choose a replacement with a mindset of rotation and position of need.

#### **5<sup>th</sup> Grade Basketball:**

5<sup>th</sup> grade teams will continue to build upon playing competitive basketball and are encouraged to participate in the Cheesehead League portion of the season. The Cheesehead League, comprised of various schools in the Central Wisconsin area, offers a variety of levels of competition, and typically lasts from November-January. It is a great way to help teams experiment with players' roles, strategy, and team dynamics. The cost of this league is minimal, and participation is highly encouraged.

Players seeking more competitive competition are encouraged to participate in the travel portion of the season which typically lasts from January-February/March. Participation in the

Cheesehead season is required to be eligible for the travel season and playing time is not guaranteed during the travel season.

If a team is short player(s) for various reasons, a coach has the ability to choose a replacement with a mindset of rotation and position of need.

### **6<sup>th</sup> Grade Basketball:**

6<sup>th</sup> grade teams will continue to build upon skill development and developing a foundation for competitive basketball. Players are encouraged to participate in the Cheesehead League portion of the season. The Cheesehead League is comprised of various schools in the Central Wisconsin area and offers a variety of levels of competition and typically lasts from November-January. It is a great way to help teams experiment with players' roles, strategy, and team dynamics. The cost of this league is minimal, and participation is highly encouraged.

Participation in the Cheesehead season is required to be eligible for the travel season and playing time is not guaranteed during the travel season.

If a team has numbers that can justify multiple teams, coaches *may* choose to create an "A-Team" and "B-Team" allowing for best skill alignment for related competition. Coaches and varsity coaching staff have the discretion to place kids as they see fit as long as all players are offered the same number of tournaments. The goal of participating in the travel season is to compete and win against like competition.

If a team is short player(s) for various reasons, a coach has the ability to choose a replacement with a mindset of rotation and position of need.

### **7<sup>th</sup> and 8<sup>th</sup> Grade Travel Basketball**

These teams typically are formed following the conclusion of School Basketball which runs approximately from Mid-October-Winter Break.

7/16/2024

During the school season, teams are split into an “A-Team” and “B-Team”. The A-Team is typically comprised of players that exhibit higher comprehension and skill-level of the game. The B-Team is comprised of players that are less skilled than the A-Team players, thereby allowing more opportunity for skills development. These teams are chosen by the school basketball coaches.

As the school basketball season nears its conclusion, the school basketball coach, and travel basketball coach (typically different persons), will collaborate regarding assessment of player skills and player willingness to participate in the Travel Basketball season (Typically January 1st-April 1<sup>st</sup>). The travel tournament team is traditionally comprised mostly of the A-Team players from the school basketball season. To provide balance between competing, program strength, and player development, it is recommended that all interested players be provided the opportunity to participate in the travel basketball season to maintain player interest and development, although playing time may vary amongst the players and is not guaranteed. Participation can be in a variety of ways such as:

- Selecting a “core group” of players that attend all tournaments and rotate lesser skilled players in on a game by game basis or tournament basis.
- Providing “alternate” roster spots in which participants may practice with the team and travel to tournaments in case of an absence or injury.
- Selecting a “core group” of players that attend all tournaments, alternates to attend (not necessarily play depending on game situations) and practice players (attend practices but not tourneys).
- Alternative ideas may be considered by the Boosters.

### **League Championship Tournament (LCT):**

If invited to LCT, coaches will collaborate and consult with varsity staff on position depth. If a team has high enrollment numbers, coaches will consult with varsity staff and communicate to parents on the kids that have a high probability to play. All core players are invited to attend with the understanding there is no guarantee for playing time. Being a part of the highly competitive experience and supporting of teammates are highly encouraged.

### **State:**

Teams that have earned the opportunity to compete at the League Championship and State Tournaments will be supported by the Boosters. If invited to the State tournament, coaches will collaborate and consult with varsity staff on position depth. If a team has high enrollment numbers, coaches will consult with varsity staff and communicate to parents on the kids that have a high probability to play. All core players are invited to attend with the understanding there

is no guarantee for playing time. Being a part of the highly competitive experience and supporting of teammates are highly encouraged.

### **Non board sponsored scrimmages and events**

There are times where a scrimmage or small team tourney may take place outside of board oversight. These scrimmage events are the responsibility of the head coach to manage any/all communications, injury readiness, gym readiness with school approval and site administrator/crowd control. Payment for referees are typically the responsibility of the teams involved either out of pocket, door fee or agreed upon split cost by all attending teams and divided up by parents/coaches. Exception cases can be submitted to the board at least 30 days in advance giving reason/justification for board consideration and approval.

### **Late Registrations**

All players registered to participate in the youth basketball league must be confirmed (through an established registration process) as eligible to play. Registrations will be locked down at 11:59:59 on the board agreed date which must be clearly posted.

No late registrations will be approved unless at least one of the conditions below are met:

- Approval from the head coach and board president
- Team has less than 10 players and coach/president provide consent
- Tournament registration deadline has not passed
- New player transfers into District

\*Exceptions to the rules above require written notification to the board where it will be discussed and voted on at the next board meeting or virtual discussion panel.

Any late registrations approved above must also adhere to ALL the conditions below:

- Athlete/Parent pays full travel fees including registration, jersey, fundraising and volunteer fees

### **Scholarships**

The Boys Basketball Boosters will distribute scholarships to graduating seniors who meet the qualifications established in the application form. Applicants should have a GPA of 3.0 or better. and current participation in Mosinee Basketball. Other contributions to the community, school, or Mosinee Basketball may be considered. Two (2) scholarships are typically offered (@ \$500 each); however, more (or less) may be offered if voted on by the majority of the Boys Basketball Boosters. All Boys Basketball Boosters may vote on who receives the given scholarships unless a Board Member has a senior player applying for the scholarship, in which that Board Member may **NOT** vote on his son's application.

## **ARTICLE X**

### **Section 1: Fair and Equal Opportunity**

Fair and equal opportunity is that each player has an opportunity to take part in practice and in developmental league games alongside their teammates. If kids are not giving effort, missing practice, running wrong plays, improper defense, conditioning or health concerns, appear lost or outmatched, improper behavior or other reasons, it is the coach's discretion to pull them out, consult with them on what they see and how to improve and re enter if time allows. In highly competitive games such as GNBL, LCT or State tourneys, there is no guarantee of playing time, position or minutes distribution for any player and is up to the head coach to put forth the players in game situations that give them the best chance to win.

#### ***Practices***

Ideally all youth participants are taking part in all skill development drills at practice regardless if they are technically ready or not. Pushing kids to tackle hurdles is basic form development. The more reps, the more likely they are to succeed. In the event a child is not engaging, missed subsequent time, or lacks confidence (based on coach's discretion), he/she may be put into a drill more aligned to their development needs for that given drill section and will return to the team unit for the next subsequent drill. Kids that are excelling at a drill should simply do it at a faster pace or be challenged with compounding steps. Attendance is critical to prepare for game situations and missed practices may impact playing time in games.

#### ***Development Games***

This area covers games played on the road/home/practice such as 4th grade games, 5th/6th Cheesehead league games as well as any pickup games inside of a practice setting. The goal of these games is to create learning opportunities for each and every player and adjust practice agendas based on group/personalized needs.

#### ***Tournaments***

The goal of a Tournament is to take all the info a coach has from practices as well as Cheesehead games to put together a roster that is capable of competing. Depending on the game situation, it's possible that some kids may get little to no playing time. At this point some kids may take this as a challenge to push harder in weekly practices as well as spend more time working on their skills, endurance, attend clinics, practice with parents or skill development professionals during non-practice days. Asking a player that needs additional skill development compared to that of their peers to try and compete against a skilled opponent is unlikely to improve their development and love for the sport.

#### ***Board Coverage***

7/16/2024

- All tournaments for grade 4 must first be presented to and approved by the board. The board will consider coverage for up to two tournaments per year for this grade. Any additional tournament participation ideas must be presented by a head coach at an official board meeting for approval.
- The board will approve participation in up to 4 -tournaments for grades 5-8 for each team.
- Support at additional tournaments, with a maximum of 5, will be considered by the Boosters, but must be requested in advance.
- Extra tournament participation, beyond 5, will be the responsibility of the participating team.
- Teams that have earned the opportunity to compete at the League Championship and State Tournaments will be supported by the Boosters.

## **Section 2: Disputes and Grievances**

If you feel your child is not getting an equal and fair opportunity as described above, we ask that you follow the steps below:

1. Level 1: Start an assessment of your child/situation
  - Talk to your child. Ask them what they have done well and what they need to improve on
  - Attend a few practices as a silent partner and observe your child's strengths and weaknesses compared to their peers
  - What position does your child play and what is expected of athletes in that position?
  - Does your child have game awareness and are they following the instructions of the coach?
  - Ask your child to draw/explain their plays and what role they have on each play. Then observe if they are executing it to the best of their ability to help the team
  - Does your child give effort at/above teammates in like positions?
  - Does your child maintain a positive attitude?
  - Does your child have the stamina, or do they tire quickly compared to their peers?
  - Have you exhausted all efforts to improve development by engaging in practice at home/open gym outside of practice hours?
2. Level 2: If you have executed level 1, then you can escalate to a conference with the coach. This conversation should be documented and respectful. Ask the coach what

7/16/2024

areas your child is doing well vs what areas he/she need to work on and see if you agree with that assessment

3. Level 3: If you can prove you have executed level 1 and level 2, you can send a formal complaint with evidence to the board and the board will investigate the complaint and explain their findings, possibly in a 1 on 1 discussion or group discussion with the involved parties. Be sure to include and written and oral communications with all involved parties from the previous stages. If warranted, next steps will be discussed.
4. Level 4: Email the board president with a request to speak at the next board meeting to voice your concerns. You will be given 5 min to speak on the topic.

### Section 3 - Coach's Conduct

Each coach will ensure that his/her conduct is that of a responsible adult fairly competing to the limit of his/her ability. To satisfactorily meet these responsibilities, the coach is expected to:

- a. Know the rules of the game and abide by them.
- b. Instruct players in the rules and coach his/her team in such a way as to motivate each player to compete according to the rules
- c. Respect the game officials and refrain from questioning their decisions in a disrespectful or abusive manner.
- d. Respect the coaches and players of the opposing team both during the play of the game and at its conclusion, **win or lose**.
- e. Maintain control of his/her emotions and avoid actions, language, and/or gestures that may be interpreted as hostile and humiliating.
- f. And always keep in mind that as a coach of youth basketball, you are expected to set a positive example for the players as well as Mosinee Basketball.

### Section 4: Policies

#### Cancellation Policies

Once registered for a participating tournament (GNBL, LCT, State or Other), you are expected to fulfill those obligations. If you wish to cancel, it must be approved by the board with written justification and board presence to state your case where a decision will be voted by majority rule.

*\*Note: Typical cancellation approvals for medical, injury, illness will be given strong consideration. Cancelling for an alternative schedule or different opportunity will not constitute valid justification.*

7/16/2024

## **Section 5: Costs/Responsibilities**

We support 3 types of parent fees:

- **Registration Fees:** These fees help to offset the attendance at selected tournaments, purchasing of equipment, basketballs, racks and other supplies needed for the season and program.
- **Volunteer Responsibilities:** Mosinee will host games and tournaments and we need parent involvement to help these tournaments go smoothly. Helping out at these events in concessions, door fees, and other tasks are posted for you to sign up. If you wish to buyout of helping, that is an option as well. Transferring of your volunteer hours to others require they be in Grade 9 or above.
- **Fundraising Responsibilities:** We require all players in grade 4-8 to assist in fundraising for the program to help support program needs across all age levels. The fundraising event allows players to earn rewards while also engaging in our Free Throw Shoot A thon event. By engaging with family and friends to collect sponsor donations, your athlete gets to engage with how his season is going and generate excitement for performing well.

### **Additional Varsity Game Events**

Players will be asked to help sell 50/50 tickets at selected home varsity games throughout the season. This allows them to experience the energy of the crowd and meet many of the upper classmen playing on the court.
